

Welcome!

As a greeting to you and the board of the Cleveland Guild of the Catholic Medical Association I would like to say "thank you." Dr. Sobecks and other members of the board have done an outstanding job serving not only health care professionals by their service, but patients as well by their catechesis, which has in turn affected the delivery of medicine in the Cleveland area.

It is with great privilege that I greet you in this first Christmas message. As we rejoice in the celebration of our Savior's birth and cry out... Holy is His Name....Come Lord Jesus....Savior.... Ruler Baby King..... I pause and ask... will we LEAP for JOY like John the Baptist in his mother's womb as we receive this EUCHARISTIC Baby King within us on Christmas Day?????

May the Son of God Inspire in us the desire to please God the Father...May the Holy Spirit inspire all physicians, nurse practitioners students other medical providers to imitate Jesus Christ....

As our Blessed Mother Mary ... most holy responded clearly in her FIAT.... YES... May we similarly respond as we hold Our Lady's hand... saying daily "yes" to the Lord disguised in the patients we serve... I would ask you please pray for the CMA guild.... that we might respond to the inspiration of the Holy Spirit....that thru the intercessions of all the angels and saints....Our Blessed Mother, St Joseph.....and Blessed Bishop Fulton Sheen we might be useful instruments, faithful disciples leading Cleveland healthcare in a virtuous grace driven path...

Merry Christmas!

James E Ohliger Jr. DO FAAFP KM
